Dear Friends:

On behalf of the J&J crew, A-Cross Ranch, Neal Thompson and Brad Cox, welcome to the first edition of the Holiday Wish List. I would like to thank everyone for taking the time to review this catalogue and encourage you to give us a call if you have any questions about the cattle.

This is a very nice set of females. The halter prospects represent an outstanding selection from several breeds and run from January to May birth dates. The bred Angus females are the top cut from the J&J and A-Cross replacements. These females are bred for look and function and are backed by tremendous cow families. They will be fun to show and combine the visual quality and genetic base to offer a variety of long-term mating options, whether you desire to produce great show cattle for the club calf trade or straight Angus with leading carcass genetics.

As you review the catalogue, remember to make the most of the activities planned in association with our sale.

- 1st We will host a workout on Saturday, December 6, here at the ranch starting at 10:00 a.m. The workout classes will be comprised of the Holiday Wish List sale offering and will include heifer calves judged on halter as well as bred heifers judged loose. This workout is open to all 4-H, FFA and college teams who wish to attend.
- 2nd Plan to attend and show in the AGR Winter Bonanza the weekend of our sale. Remember that all the open heifers selling in this sale are eligible to show on Sunday in Stillwater. For details on the AGR show, contact Mr. Kyle Hicks at (580) 591-3763.
- 3rd Plan to attend the "Clipping and Fitting" demonstration Friday, December 12, at 3:00 p.m. inside the heated J&J sale facility, featuring Neal Thompson and Brad Cox.
- 4th Remember that all activities scheduled for the weekend of the Holiday Wish List Sale are in cooperation with the AGR show to permit you to participate in both events. It takes about 20 minutes to drive from the J&J Ranch to the fairgrounds in Stillwater.

We look forward to seeing you in December!

Thanks, and God bless.

Mark

Angus Bred Heifers

LOTS 45-61

A few words about the bred heifers ...

This group of Angus bred heifers represents the top cut from the replacements at both J&J Cattle Co. and A-Cross Ranch. The bred heifers are powerfully made, sound and big ribbed. All of these heifers are bred to Angus bulls but offer the visual quality and genetics to provide a variety of long-term mating options—whether you desire to produce great halter prospects or straight Angus with breed-leading carcass EPDs.

The two predominant A.I. sires featured in this group are EXAR Titlelist and Basin Spread. Titlelist, the lead-off bull in the 2008 National Western Champion Pen of Three Angus bulls, was recently named Grand Champion Angus Bull at both the American Royal in Kansas City and the North American in Louisville. Basin Spread is a sound footed, long fronted outcross bull with a unique pedigree that has the look and structural base to sire sound, functional cattle.
